

Tórshavn Municipality

Public transport timetable

Version October 2018

Public transport in Tórshavn Municipality

Bussleiðin city buses

Bussleiðin is the Municipality's city bus system which is easily recognised by the red-and-white colours. Three frequent routes criss-cross Tórshavn and its suburbs Hoyvík and Argir every weekday and Saturday. These three frequent services do not operate on Sundays and holidays. Steinatún square is the central bus station.

Two village routes connect Tórshavn's surrounding villages. Some of the trips need a transfer to route 2 or 3 for connections to/from central Tórshavn, which are clearly marked in the timetable. These two village routes do not operate on Saturdays, Sundays and holidays.

All Bussleiðin routes are free-of-charge; no tickets need to be paid. Because the routes are mainly designed for local citizens, in future a fare system might be set up for visitors. This timetable will be updated when that time has come.

Deviations of services due to holidays, special events or adverse weather are announced online (<https://www.torshavn.fo/Default.aspx?pageid=1062>). For more information contact

Tórshavn Municipality (+298 302010) or the tourist information office at Steinatún square.

Real-time map of where the buses are:

<http://citypulse.torshavn.fo/>

Bussleiðin in Klaksvík

For Klaksvík's Bussleiðin see www.klaksvik.fo.

Bygdaleiðir intercity buses

The national transport company Strandfaraskip Landsins (SSL) operates a nationwide bus system that can also be used for travel within Tórshavn Municipality. On Saturdays, Sundays and holidays it is the only public transport that connects Tórshavn with its surrounding villages. Buses are coloured in a distinct blue colour and depart from Fárstøðin ferry terminal.

The complete and updated timetables as well as deviations of services can be read online at ssl.fo/en. This timetable's last pages feature a brief version with special notes for local travel between Kollafjørður and Tórshavn.

Bygdaleiðir buses require a fare, which can be bought on the bus (cash or by card) or via the

TravelCard system. More information on ssl.fo/en, via the tourist information offices or the SSL customer service at Fárstøðin terminal. An indication of single fares:

- > Tórshavn to Hoyvík 20 DKK.
- > Tórshavn/Hoyvík to Kollafjørður 50 DKK.
- > Tórshavn to Norðasta Horn 20 DKK.

Ferries

Strandfaraskip Landsins also operates two ferry services that depart from Tórshavn: ferry route 7 to Suðuroy and ferry route 90 to Nólsoy. Timetables can be found on ssl.fo/en. Another route to the isles of Sandoy and Hestur departs from Gamlarætt ferry terminal, which can be reached by Bygdaleiðir route 101.

A Change in Hvítanes, junction from route 5V to route 2 (timetable indicated in blue) to central Tórshavn.

B Change in Norðasta Horn from route 3 (timetable indicated in blue) to route 5V to Kirkjubøur, cathedral.

C Additional stop in Velbastaður, Frískúli (08.04).

No services on Saturdays, Sundays and holidays.

NOTE: this bus does not stop in Gamlarætt ferry port. Travel with route 101 operated by SSL (www.ssl.fo/en) instead.

Extra services in Kollafjørður (route 4)

These services do not connect to other Bussleiðin routes. However, some trips may connect to buses operated by SSL (www.ssl.fo/en: route 100, 300 and 400). Routes 100 and 300 call at Kollafjørður roundabout, which is a 10 minute (750 m) walk from Bussleiðin stop Á Oyrareingjum. Routes 100 and 300 also stop at Effo patrol station and Tunnel, which however cannot be reached on foot. Route 400 calls at several stops in Kollafjørður which provides a better alternative. Always inform the bus driver when embarking the bus.

No services on Saturdays, Sundays and holidays.

Intercity services 100, 300 & 400 Tórshavn - Kollafjørður

Strandfaraskip Landsins (SSL) runs intercity buses between Tórshavn and several other towns. Routes 100, 300 and 400 can be useful for local transport within Tórshavn Municipality as well, for example for travel from central Tórshavn to Hoyvík and Kollafjørður. Please consider the following notes:

- These services are designed for interregional use. Their use for local transport should be regarded as a 'bonus' service. As such, neither punctuality nor space can be guaranteed. Heavy delays (in both directions), early departures (from Kollafjørður) and weather-related cancellations occur frequently.
- Kollafjørður roundabout is no official stop, so always ask the driver to put you off there on embarking the vehicle. Mind that due to local geography, it is impossible to walk from Kollafjørður Tunnel to Signabøur and Kollafjørður.
- Always consult www.ssl.fo/en for changes and deviations. Inform the driver about your travel plan.
